### NOTED WOMAN DOCTOR TO ADDRESS WOMEN SUNDAY

Mrs. Harry B. Caton, president of the Ladies' Auxiliary of the Y. M. C. A., has announced that the speaker to women at the Ingomar Theatre Sunday afternoon has been changed and a most welcome announcement it doubtless will be.

The Rev. R. B. Nelson, director of the social hygiene bureau of the state, has been attending the International conference of Social Hygiene Workers at Washington this week, and has persuaded one of the most prominent speakers at that conference to make the address to the women.

Dr. Rachelle Yarros, supervisor of education for women, of the Division of Social Hygiene, of the Department of Health of the state of Illinois, will be the speaker. Dr. Yarros will bring her own motion picture film illustrating her lecture. She is one of the most prominent social hygiene workers of the world and the women of the city will have a rare opportunity in her visit.

Mr. Nelson made no change in the men's meeting, however, and announced that the films illustrating both the lecture to men at the Richmond and the one to women at the Ingomar would be shipped here Saturday in ample time for the operators to inspect them and have them in perfect condition for the meetings Sunday afternoon.

**Suit Over Estate of Lewis M. Adams —Estate Valued at About $30,000**

A suit to break the will of Lewis M. Adams, filed several days ago in the circuit court for this city for probate, has been entered in to circuit court for this city.

The suit is instituted by Mrs. Frankie Ristine and Miss Sallie J. Adams, the latter through her next friend, her mother, Mrs. Mittie V. Adams.

The complainants seek to prevent the probation of the instrument. They are the children of the late Frank M. Adams, and are nieces of the testator.

Lewis M. Adams left an estate valued at about $30,000 it is stated, according to the terms of his will offered for probate in the circuit court for this city last Saturday he leaves his entire estate to his brother, Chas. M. Adams. The instrument purports to be written in the handwriting of the estator and is dated September 10, 1920.

Attorneys Smith and Woolls represent the complainants and the defendant is represented by Judge J. K. M. Norton.

In the circuit court today the trial for the case was set for March 8 and Judge Brent appointed Howard W. Smith and Judge J. K. M. Norton curators. The curators will assume charge of the estate until the will contest is settled.

### COMMUNITY SOCIAL

Good eats will be one of the features of the Y. M. C. A., community social at the Westminster Building Saturday evening under the auspices of the young people of the Methodist Protestant Church.

The social will be in the afternoon and dinner will be served at 5:30 and play of various sorts will continue until a late hour. A very apetizing menu has been prepared by the ladies of the church and no doubt many will take advantage of the opportunity to get an extra good meal without the trouble of preparing it.

This is the fifth of a series of socials that have been given at the Westminster Building and a report made to the Ladies' Auxiliary revealed the fact several hundred had taken advantage of the evening social hour, many attending to play while others went merely for the excellent evening meal served by the ladies of the churches.

As previously stated in the Gazette the Chamber of Commerce will hold an informal reception in the rooms of that organization in honor of their former presidents tonight at eight o'clock and it is expected that a large membership will be present. Hon. R. Walton Moore also has signified his intention of being present.

The former presidents who have headed this organization are as follows:

W. A. Smoot, jr., November 1, 1906 to January 15, 1909.

John T. Johnson, January 15, 1909 to January 9, 1911.

A. D. Brockett, January 9, 1911 to December 11, 1911.

Robert S. Jones, January 8, 1912, to January 13, 1913.

Carrel Pierce, January 13, 1913, to January 11, 1915.

J. M. Duncan January 11, 1915 to January 10, 1916.

John W. May, January 10, 1916 to January 14, 1918.

Robert L. Payne, January 14, 1918, to March 18, 1919.

Carroll Pierce, March 18, 1919 to March 16, 1920.

J. Y. Williams, March 16, 1920, to The Present Time.

The Chamber of Commerce in its many years of usefulness has successfully withstood the adverse criticism of men who do not understand the value of organized effort, and to day it is stronger tha never in championing the cause of our city and her citizens. In these days results can only be accomplished by organized co operation and the Chamber of Commerce with its vast fund of useful information is just as necessary in a community as our best institutions.

## Xmas Seals

**CConsiderable Progress Being Made in Sale**

From the returns being made to Mrs. Thomas W. Robinson, president of the Anti-Tuberculosis Association, the sale of Christmas seals in Alexandria, is progressing very satisfactorily. She reports one firm as having purchased ten thousand seals for its own use, many other corporations having responded with purchases of smaller amounts. The sale of seals at the Torpedo Plant seems to be well organized as a request has come in for more than their number which was first placed there.

Everyone who purchases seals is a contributor to the work of the Anti-Tuberculosis Association, and not to the Red Cross as some people think. As it seemed that the name of "Red Cross Christmas Seals" which was used formerly, was something of a misnomer, the red cross was omitted from the design this year, and the name "Christmas Seals" used instead, the stamps bearing the double red cross of the National Tuberculosis Association.

## TRUCE BEFORE XMAS ON FOOT FOR IRELAND

### Lloyd George Anxious For Consumation of Deal

### ARRESTS IN GLASGOW

**Countess Markievicz Faces Court Martial—Bodies of Fifteen Auxiliary Police Taken to England.**

London, Dec. 3.—A truce with Ireland before Christmas is the object of a number of movements in various quarters, with both sides giving indications that such a consummation would be acceptable. There is a possibility that negotiations may be opened and peace established.

Replying in Parliament today to a question raised by Lord Hugh Bentink, Premier Lloyd George said that he was as anxious as the peer to see the end of murder and that he would not wait until the approach of Christmas to take any step to secure that end.

Lloyd George's spokesman has suggested that the Premier would entertain any scheme which might bring about a truce, and similar intimations are coming from the Crown's enemies in Ireland. Sir Hamar Greenwood has returned to Ireland. It is understood he will meet the British labor delegation there.

The Government's heavy reverse in the House of Lords where the peers made two vital changes in the Irish bill, has had the effect of stimulating the peace movement.

Six Irish, three men and three women, were arrested in Glasgow yesterday, charged with treasonable conspiracy and having a large quantity of bombs and explosives in their possession.

Police activity continues and many documents are being confiscated. Plans for the destruction of property in several cities are said to have been seized and it is intimated that important arrests will be made soon.

The authorities are considering the question of closing Westminster Abbey to the public. The courtyard of the Foreign Office Building was closed and is being guarded by the police.

Archbishop Mannix, of Melbourne, Australia, has been forbidden to keep a speaking engagement at Bootle, a suburb of Liverpool, next Saturday, and will not be allowed in the Liverpool area. The Home Office and military are responsible for the prohibition.

Dublin Dec. 3.—Countess Georgiana Markievicz, member of Parliament for the St. Patrick's division of Dublin city, who was arrested two months ago, was tried by court-martial yesterday on a charge of conspiring between January, 1918, and September 1920, to organize a "fianne eireann," otherwise known as Sinn Fein Boy Scouts.

The Countess looked extremely ill. Newspaper photographers who took snapshots of the Countess were held by the military escort, who confiscated the photographic plates.

The Countess yesterday refused to recognize the court and the session was occupied with the examination of witnesses for the prosecution.

The bodies of the 15 auxiliary police cadets, the victims of the Kilmichael ambush, were brought today from Macroon and placed on a navy tender for shipment to England. Contingents of the Royal Irish Constabulary escorted the procession through the city. Places of business were closed and all the shops were shuttered.

### SPOOKY NOISES KEEP VIRGINIANS ON THE MOVE

Luray, Va., Dec. 3.—Moaning and the rattling of unseen chains are too much for Samuel Price and his little family who occupy the old Bruner house in the Massanutten foothills, five miles west of here, where Charles Bruner and his wife and two children were killed six years ago by William Nichols, who ended his own life on the scene, Price is looking for a new home.

Robert Nichols, who lives in the same neighborhood proved the place untenable recently when he dared the "ghosts" and attempted to spend a night within the eerie house. He became dissatisfied with his bargain and broke it about 10 o'clock, the story goes.

## EXERCISE VITAL IN ORDER TO KEEP WELL

### Health Officer Suggests Brisk Walking as Cure Of Many Ills

### SLAVES OF FASHION

**Says Stimulents Not Needed In Order to Keep Healthy—Walk Into Open Country He Advises**

You cannot take proper exercise by riding about in an automobile, trolley car or carriage. That is one great trouble with most people of our present age, they do not get enough exercise out in the open to keep themselves in good health. This is one of the bad results of modern life, for we are making it so easy to ride, that few people care to walk unless they simply have to. And there is the rub. Nature provided us feet to walk with, but we are now getting so we only want to use them to stand on! Brisk walking is about the best all-around "good-for what ails-you" medicine I could name for general use.

You often hear a person say: "I think I will take a ride and get a little fresh air." But why chase it up and down the street in a car and waste good gasoline? What you really need is exercise and fresh air. They go together. Fresh air is all right as far as it goes, and so is exercise, but in order to get the full effect they must be combined!

The exercise obtained in a good, brisk walk out in the open, is one of nature's methods of keeping the human body fit and in working order. I never knew a good walker who failed to be in reasonably fair health and free from many of the little pains and disorders so common to most people. Some people seem [illegible] others were [illegible] other people's [illegible] disease!

Then again some people become slaves to fashion to such an extent that it is actually painful for them to walk hence they have to ride or stay in the house. Do you envy them? I do not, I simply pity them. They are chasing a chimera, so let them chase on until they wake up and begin to notice things a little.

I think it is far better to have a pair of feet you can use at all times and under all conditions without suffering; no matter how large they may be, than to have a bunch of crammed up bones and flesh encased in shoes several sizes too small and be unable to use them rightly or walk more than one block without racing up on a glass of strawberry soda!

However, as I said before let 'em base. They never will be able to keep up with us in our march forward to better health and common sense in living.

I have seen many a man walk off an ugly grouch by a trip of a mile or so out in the open. Walking is always "good medicine." So don't forget it.

Cultivate a real interest in life, a desire for useful work, well done. If we all work hard and happily at the job best fitted for us trying ever to better our surroundings and living conditions; keeping in mind the laws of nature made for our benefit and protection; teaching others by example and precept the gospel of clean living, clean, pure food, sunny, well ventilated homes and a happy converted spirit; we should be able to cut our disease rate in half and raise our general efficiency 50 per cent.

Let us all pledge ourselves to work together and make our historic old city a clean, healthy and happy place to live.

No one man or woman can do this work. No single group of men or women can do it, but by combining our visible forces and resources, there are few things indeed that we cannot accomplish.

A healthy, happy and contented people needs neither the illusions of narcotics, nor the false stimulation of alcohol, to imagine themselves great for their real greatness is manifested by their own accomplishments. Let Alexandria show the State of Virginia as well as the country at large, that while indeed many years have passed over her historic head, yet she has lost neither her hair, eyesight or teeth!

## TOO HIGH A TIDE OF IMMIGRATION

How overwhelming the flood of immigrants will be unless steps are taken to check it the statement of the representatives of the steamship lines to the Commissioner of Immigration reveals. These assert that no less than 15,000,000 people are now clamoring for passage to the United States. The number is amazing, but there is no reason to assume that it is exaggerated. The companies must have the figures. Their offices at foreign ports are crowded with applicants for tickets at any price. Many of them have received money from relatives here and have sold all their possessions besides.

Now this country could not possibly absorb industrially such a vast horde as this in so short a time, even if every immigrant were a deirable addition to the population. But it is estimated that fully a third of them could not pass the immigration inspectors. Naturally the steamship companies do not wish to bring over passenger whom they would have to take back at their own expense. On the other hand the European governments are glad to get rid of their radicals or their criminals in this fashion. To such they issue passports To those who are needed at home they refuse to issue them. They cannot afford to lose the element upon which their future prosperity depends. We cannot afford to take over the other element.

Of all the European nations, France and England alone are holding their own through the forces of loyalty. In Central and Southern Europe the situation is wholly different. The war has left the people profoundly discouraged. Even the Italians, with all their energy and industry, are appalled by the magnitude of the tasks confronting them. In them this is probably only a temporary mood The Germans and Slavs are more persistent in their desire to escape to a new land.

The Commissioner of Immigration says that we are getting "splendid men" from many countries. They are farmers and the demand for their services is great. But he says that even now there are a thousand at Ellis Island who will have to be sent back. More disturbing still is his statement that present tests do not eliminate the undesirable. It is impossible to detect members of revolutionary societies. As Mr. Wallis says, "We can't read their minds." They pass all the tests, and there is nothing to do but admit them. It is clear therefore, that some radical revision of the laws will be necessary if the grave peril now threatening is to be averted.

### Sheriff Who Guarded Costumes Kept An Eagle Eye on Handbags

New York, Dec. 1.—Sheriff Knott through his deputies took charge last night of the costumes used by the chorus in "Broadway Brevities" at the Winter Garden. The official seizure caused considerable commotion among the girls of the chorus and delayed the raising of the curtain about 15 minutes.

The seizure also imposed a somewhat embarassing task upon the Sheriff's keeper, who was left in charge to see that none of the costumes nor furniture, seized on a previous writ, were removed from the theatre.

"I can prevent them from taking out the furniture," said the keeper last night, "but how will I know if the girls take out the costumes in their handbags. I see now why they call it 'Broadway Brevities.'"

The first seizure was on a replevin proceeding brought by Wm. Birns for furniture valued at $1,045 which the claimant said he rented to Rufus Le Maire and the producers, but for which the defendants had refused to pay. It was arranged among the lawyers to permit the furniture to remain in the Winter Garden for use in the "Broadway Brevities," instead of having the Sheriff remove it as demanded.

The second replevin was obtained by Paul Arlington, for the seizure of the costumes. The plaintiff alleged that the defendants owe him $5,000 for costumes.

This matter came up just before curtain time yesterday evening and created an awkward situation for a time for even the show with the ambiguous name could not go on without any costumes. After some discussion between the attorneys representing the plaintiff and the defendants, it was arranged that the performance proceed with the costumes.

### TO RUSH REPEAL OF PROFIT TAXES

(Continued from page one)

certain of their Republican associates to plunge into the taxation question at the short session if Senator Penrose can be won over to the plan. Without the Pennsylvanian's support and leadership this movement, it is admitted, cannot hope to succeed, and, as already stated, he is far from convinced that taxation legislation can be driven through before March 4, no matter how great the pressure from the country to that end.

The same view is entertained by most Democrats, including Senator Underwood, who says at least a year must elapse before the new revenue law can be written, debated and enacted. It can be added, however, that the Democrats will cooperate with Republican leaders for an earlier revision of the taxation laws, provided some substitute for the excess profits and excise taxes, which is now proposed to reapeal, can be found.

Democratic opposition to a hurriedly drafted tariff act will be strong, it is stated. It is not believed by Mr. Underwood that a new tariff law can be legislated upon until a a broad and enlightened survey of the nation's industries can be made. This, he holds, cannot be done over night and should not be attempted.

Those Republicans who are seeking to persuade Mr. Penrose to agree to a limited revision of the Revenue act at the coming session say that it will be an easy matter to force a repeal bill through the House by the middle of January under the limited debate rule. They admit, however, that they cannot rush such a measure through the Senate and cannot get it upon the statute books at all without what amounts to unanimous consent.

If the Senate minority stands in the way, therefore, there is practically no chance of tax legislation until the extra session of Congress begins. And from the comment heard today, it is extremely unlikely that the Republican leaders can fix upon a program in that connection which the minority will approve.

**Forty a Day Die in Moscow, Use Houses as Fuel**

Berlin, Dec. 3.—No less than 1,206 persons, an average of forty a day, were sentenced to death by Moscow revolutionary tribunals and executed in Moscow during September, according to the official Soviet organ, "Isvestia."

The same paper throws light on the desperate fuel situation in Moscow by stating that 5,000 wooden houses have been torn down in Moscow to provide fuel for the people.

**SAYS HIS PRESCRIPTION HAS POWERFUL INFLUENCE OVER RHEUMATISM**

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rhematism from his system.

He freely gave his discoxery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspopers. A—has been appointed agent for Allenrhu in this vicinity with the understanding that he will freely return the purchase money on the first two bottles they who state they received no benefits. Sold by all druggist.

## Auction Sale

Public sale of Holsteins at Rockbridge Dairy Farm Wednesday, December 15 (rain or shine), on the far mof David N. Rust, Jr., located three miles east of Leesburg, Loudoun county, on the Washington Leesburg Pike and being on Goose Creek, ten minutes walk from Compher Station on the Washington and Old Dominion Railway. Car leaves Alexandria at 7:10 a. m., arriving at 9:30 o'clock. Will be met. Having decided to discontinue dairying I will offer at public auction on above date and place without reservation my entire herd of milking Holsteins. 80 head, 16 head registered animals, 64 head high grade cows. The majority of these animals have been bred and developed right on the farm and were sired by such noted bulls as Kng of Butter Boy, King's Son and Soldiers Home Woodcrest Tehee. These cows are all young straight and sound and have never been forced in dairy, but simply run on blue grass pasture in summer and consumed the roughage on the farm in winter with little grain fed. Consequently they will respond immediately to heavy feeding. Some are fresh now milking well and quite a number due within thirty to sixty days. All bred to fine registered bull. The grades are well marked and will make a valuable addition to any herd. The pure breds carry some of the best blood of the breed. The cows have just passed the annual Federal test and health certificates can be issued for shipment to any state in the union. This herd is considered to be on one of the best in Northern Virginia.

Terms of sale. Three per cent off for cash or a nine months' note with satisfactory indorsement.

Lunch served on grounds.

**$50,000,000 WAGERED IN MARYLAND RACING**

**Greatest Season in Annals of Four Tracks Just Ended**

Baltimore, Md., Dec. 3.—The stupendous sum of $50,000,000 or more, passed through the betting machines of the four big Maryland race tracks during the season of 110 days just ended, according to figures obtained yesterday.

The new State Racing Commission has not yet made its report to the Governor on the first six months of its operation, covering only the autumn meetings, but the figures given are regarded by persons in close touch with racing affairs as being, if anything, under the real amount.

Turf writers agree that it was a banner season for racing in this State—in the quality of the racing, attendance and financial results.

## BROADWAY BUILDING FALLS. BURYING SIX IN DEBRIS

New York, Dec. 3.—Broadway at Fifty-second street, was suddenly transformed late yesterday afternoon from a scene of bustling activity to one of desolate wreckage when a nine story apartment house under repair collapsed, burying several persons beneath the debris. At least one person is believed to have been killed and six others are unaccounted for.

Broadway was crowded with shoppers, workers hurrying to their homes and afternoon theatre-goers, when a terrific crash rent the air as the building toppled into the street. Fortunately the bulk of the debris fell into Fifty-second street, which was comparatively free from traffic, although tons of wreckage slid into Broadway itself.

Six persons, three of them buried in the wreckage and later rescued, were injured. Searchers expressed fear last night that other pedestrians seen passing the building may have been caught beneath the tons of wreckage, covering the sidewalk in places to a depth of six feet.

## SHELL-SHOCKED POLO PLAYER SHOOTS SELF

Great Neck, N. Y., Dec. 3.—With a bullet through his head and a pistol by his side, Tom Ainsworth Velie, polo player, said to be a nephew of an automobile manufacturer, was found dead in his home here yesterday, it was learned today.

Velie played cards with his two sisters, Mrs. Mermia C. Phillips, of Kansas City and Mrs. Ellin C. Burnett, of Washington, the night preceding his death, and when he was late in arising in the morning his wife discovered his body.

Velie was shell-shocked in France and had been morose since his return to this country, Coroner Milton Lecluse said.
